Dear FCC:

It has been brought to my attention that K-Love radio could possibly be in jeopardy due to a possible ruling about Low Power FM stations.

K-Love is a great asset to our community by broadcasting Christian music, 24 hours per day, and commercial free. I have 4 children who enjoy the positive music that K-Love plays.

With the loss of K-Love would also we would also lose the community announcements that K-Love makes for programs sponsored by local churches and Christian based groups.

Please don't let your ruling affect the wonderful ministry of K-Love. Thank you for your consideration.

Sincerely,

Ray White
